

SACRAMENTO WORKS WIOA YOUTH PROGRAMS

The Workforce Innovation and Opportunity Act youth program provides high quality services for youth and young adults beginning with career exploration and guidance, continued support for educational attainment, opportunities for skills training in high-demand industries and occupations, and culminating with a good job along a career pathway or enrollment in post-secondary education.

WIOA youth programs provide a rich array of age-appropriate services that target economically disadvantaged youth aged 16-24 who face barriers to staying in school or to finding stable employment. These services are available not only to high school students (In-School Youth), but also to Out-of-School Youth who 1) have dropped out of school and are interested in furthering their education and preparing for the workforce, or 2) have earned a high school diploma or GED, but are unemployed, underemployed or deficient in basic skills.
